Writing Prompt

Your group includes geographers who have exceptional skills as urban planners. Your group wishes to be hired by the town council of _____ that will be hiring a company to create a new city near _____, Arizona. The town council has determined that the city will have all of the features included on the Create a City diagram sheet. In order for you to get this job that will pay very well, your group needs to persuade the town council that your company has the best ideas for the new city. So with your group, you need to plan a city on one piece of construction paper that will promote all of the positive aspects of growth—convenient for humans, preserves the environment, and maintains a quality of life for humans and animals. After planning the city, your group will write a 2-page speech that would be presented to the town council stating why you located these features in such a way as to create a wonderful new town.

Assessment

In your 2-page written speech, you need to include:

1. Why city services (government offices, school, library, post office, landfill, jail, fire and police departments, and prison) were placed in certain areas?
2. Why businesses (office complex, restaurants, industries, strip malls, and shopping center) were located in certain areas?
3. Why recreational (golf course, parks, and theater) facilities were located in certain areas?
4. Why housing (homes and apartments) was located in certain areas?
5. Why roads (freeways) were placed in certain areas?
6. How this new city will be convenient for humans, preserves the environment, and maintains a quality of life for both animals and humans.

Your written speech will be graded on **voice** and **ideas**, so make sure your speech has formal language that would be used in a town council meeting, and you have answered all of the questions above.
