

## I'm Hungry! Student Assessment Page

Name \_\_\_\_\_

Locate the continents on your World map. Lightly color each continent. Place the following numbers on each continent: North America 75, South America 83, Europe 27, Africa 508, Asia 385, Australia 40, Antarctica 0. These numbers describe the people (in thousands) from each continent who **do not** have enough food to eat. Now write a comparison that uses **< (less than)** or **> (greater than)**.

**Example 85 < 100**

1. compares North America to South America. \_\_\_\_\_
2. compares Asia to Australia. \_\_\_\_\_
3. compares Europe to Africa. \_\_\_\_\_
4. compares Africa to South America. \_\_\_\_\_
5. compares Antarctica to Asia. \_\_\_\_\_

Now write three sentences describing and comparing any of the continents not already listed above. Use the words more than and less than when you compare the continents.

## I'm Hungry! Student Assessment Answer Key

Name \_\_\_\_\_

Locate the continents on your World map. Lightly color each continent. Place the following numbers on each continent: North America 75, South America 83, Europe 27, Africa 508, Asia 385, Australia 40, Antarctica 0. These numbers describe the people (in thousands) from each continent who do not have enough food to eat. Now write a comparison that uses < (less than) or > (greater than).

**Example 85 < 100**

1. compares North America to South America.     \_\_\_\_\_  $75 < 83$  \_\_\_\_\_
2. compares Asia to Australia.     \_\_\_\_\_  $385 > 40$  \_\_\_\_\_
3. compares Europe to Africa.     \_\_\_\_\_  $27 < 508$  \_\_\_\_\_
4. compares Africa to South America.     \_\_\_\_\_  $508 > 83$  \_\_\_\_\_
5. compares Antarctica to Asia.     \_\_\_\_\_  $0 < 385$  \_\_\_\_\_

Now write three sentences describing and comparing any of the continents not already listed above. Use the words more than and less than when you compare the continents.

3 points = There are at least 3 complete sentences, correctly using names of continents and the phrases more than and less than.

2 points = There are at least 2 sentences that correctly use names of continents with the mathematical phrases required.

1 point = Student made an attempt at showing comparisons, but may have inaccurate information.

0 points = No attempt or illegible response.

**I'm Hungry!**  
**Student Activity Page**

Name \_\_\_\_\_

List the names of the people in your group: \_\_\_\_\_

---

---

Now write what and how many food items were in your bag.

---

---

Did you have enough to feed your group? \_\_\_\_\_ Did every group have enough food? \_\_\_\_\_

Make a list comparing your group to each of the other groups.

(Use math signs like:  $16 < 18$  or  $8 > 5$ ) \_\_\_\_\_

---

---

What can we do to make sure everyone will get enough food?

---

---

---

---

**Student Activity Page Answer Key**

Name \_\_\_\_\_

List the names of the people in your group: \_\_\_\_\_ *Answers will vary*

---

---

Now write what and how many food items were in your bag. *Answers will vary.*

---

---

Did you have enough to feed your group? Y or N Did every group have enough food? No

Make a list comparing your group to each of the other groups.

(Use math signs like:  $16 < 18$  or  $8 > 5$ ) *Answers will vary dependent upon items in bags.*

---

---

What can we do to make sure everyone will get enough food?

*Accept reasonable solutions – they could be multiple step solutions.*
