### Effects of the Monsoon Project

1. Imagine you are the mayor of community. The monsoon season is causing problems in your community. With your group decide on what is the monsoon related problem. Then decide what is a solution to the monsoon related problem. You also must identify your community as a rural, urban, or suburban community. Your solution to the problem needs to be realistic (no imaginary heroes or machines).
2. Your group needs to make a pamphlet, speech, flip grid, or poster to explain the problem and the solution.
3. Your work will be graded as follows:

Requirements	Points Possible	Points Earned
Monsoon related problem is clearly stated.	5	
Solution to monsoon related problem is realistic.	5	
Community is identified as a rural, urban, or suburban community.	5
