

"I am" A Union Ship in the Blockade

I **am** a ship in the Union blockade.

I **wonder** if any ships will get past.

I **hear** ships beginning to leave from their ports.

I **see** ships crashing from the rocky sea floor.

I **am** not letting any ships past me.

I **pretend** we, the Union accomplish what we wanted.

I **feel** we have enough ships to block the Confederacy ships.

I **touch** the water whenever the waves crash.

I **worry** we will not block most of the other ships.

I **cry** when I hear gun shots because our ships were seen from the Confederacy.

I **am** going to try and work together with everyone in the Union.

I **understand** that the Confederacy may get past to trade with Europe.

I **say** I will never give up.

I **dream** the "Anaconda Plan" will end and we will win the war at sea.

I **try** to see all the ships that are trying to get passed.

I **hope** I will survive this war.

I **am** a ship in the Union blockade.
