

You are residents of China. Compose a Public Service Announcement voicing your support or concerns regarding the building of the Three Gorges Dam. You have 60 seconds to convince your listeners. You must turn in a professional looking document to the radio station for approval before you get into the recording booth. Work your way through the writing process. You may use this sheet to start your pre-writing thoughts.

Are you supportive
or critical of the building of the Dam?

You will be assessed on Voice, Organization, and Ideas on the simplified 6-trait rubric. Aim for a 4 in all three areas!!
